CURRICULUM VITAE:

Greg Schouten, R.A.

EDUCATION:

Bachelor Science in Architecture
Arizona State University, 1985

REGISTRATIONS:

Arizona, Registered Architect #27909

EXPERIENCE:

2013 - Present

Gervasio & Assoc., Inc. Forensic Architect. Performs comprehensive investigations and writes reports regarding a wide variety of buildings, building systems and project amenities. Investigations include a variety of issues which include new and existing construction, and remodels on an institutional and residential level. Mr. Schouten prepares the design, specifications and drawings for the rehabilitation and repair of projects, including roofing, waterproofing, wall & window systems and other miscellaneous building, site and project amenity systems. He consults closely with owners, engineers, contractors and manufacturers to find and implement the best and most cost effective systems for the projects he works on. Mr. Schouten also provides expert witness testimony.

2000 - 2012

Schouten Design Studio, Phoenix, Arizona. Owner/Principal. Responsible for all aspects of operation of the firm. Contract negotiations, client interaction, program development, schematic design and design development. Design review documents. Hire and coordinate consultants. Construction documents and construction administration. Building types include high end residential and residential remodels.

1994 - 2000

United West Group, Scottsdale, Arizona. Project Manager, Project Designer for high end residential custom design/build operation. Responsible for managing client, design of projects, cost estimating, design review documents, construction documents, and construction administration.

1991 - 1992

CRSS, Phoenix, Arizona. Job Captain and Draftsman. Responsible for programming, design, coordinating consultants, generating construction documents and construction safety supervision. Projects were for microchip manufacture.

1990 - 1991

Leroy Miller Associates, Santa Monica, California. Jr. Designer. Responsible for site planning, design presentation, and drafting. Projects were retail and industrial.

1989 - 1990

Irwin Pasternak & Associates, Phoenix, Arizona. Jr. Designer. Responsible for site planning and design presentation. Projects were retail, industrial and office.

EXPERIENCE (Cont.)

- 1988 - 1989 Haver Nunn and Collamer, Phoenix, Arizona. Jr. Designer. Responsible for design presentation, perspective renderings, drafting and model building. Projects were judicial, industrial, retail, and governmental.
